Associations

Record

Volume XLVI, No. 5, May 2014

MVCCA COUNCIL MEETING MINUTES
April 23, 2014 8:00 p.m.
Walt Whitman Middle School Lecture Hall

PRESIDING: Co-chair Judy Harbeck

ATTENDING: Committee Chairs - Louise Cleveland (HHS), Judy Harbeck-(ED), Cathy Ledec (ER), Catherine Voorhees (Tran), David Voorhees (BF), Queenie Cox (CA), Karen Pohorylo (PZ) and Dean Sherick (PS-facilitator)

Authorized Voting Representatives from: Belle View Condos, Collingwood on the Potomac, Engleside Civic Assoc., Hollin Glenn, Hollin Hall Village, Mount Vernon Manor, Newington Forest, New Gum Springs, Potomac Valley/Riverbend, Pavilions at Huntington Metro, Riverside Estates, Stratford Landing, Stratford on the Potomac, Wellington CA INC., Wellington Heights, Westgrove, and Williamsburg Manor North

Guest Speaker: Author and Journalist Michael Bohn, co-author of the new book, *Mount Vernon Revisited*, gave an excellent presentation with photographs about the history of our area. It chronicled the many historical sites, transportation networks and modes, and buildings throughout the Mount Vernon District in and around Richmond Highway and down to Gunston Hall and Mason Neck.

Minutes of March General Council meeting were approved.
Correction April Record Announcements: The Southeast Fairfax Development Corporation was incorrectly referred to as Southeast Fairfax Development Council.

Treasurer's report was not published in the Record this month due to a changeover of treasurers. The General Council approved the deferral and approval of the Treasurers Report for this month.

Committee Reports: Committee Chairs reported that their committee minutes for the month of April as printed in the April Record. The following additional comments were provided as follows:

Budget and Finance: The County has marked up its budget. The next committee meeting will be May 7th.

Consumer Affairs: There will be no May meeting. The next meeting will be June 3rd and the main topic of discussion will be "how consumers are charged taxes" on products they buy.

Education: School budget will be increased by 1%. The next meeting is May 7th and the topic of discussion will cover teacher turnover.

Environment and Recreation: All future meetings will start at 7:15PM

HHS: The group was reminded that the NEXUS meeting is open to the public and that dates and times are in the Record.

Planning and Zoning: The Office of Revitalization for the County will be guest speakers at either the June or July meeting. The next PZ meeting will be May 5th.

MVCCA BOARD

Co-Chairs	Ron Fitzsimmons 703-360-3822
	Judy Harbeck sharbeck@aol.com
	<i>vacant</i>
Secretary	Elizabeth Martin 703-360-0691
Treasurer	Stephen Markman 703-360-1157
Editor	<i>vacant</i>
BUDG	David Voorhees 703-765-7551
COAF	Queenie Cox 703-360-2414
EDUC	<i>vacant</i>
E&R	Cathy Ledec 703-346-0814
HHS	Louise Cleveland 703-780-9151
PL/Z	Karen Pohorylo 703-780-7825
PS	<i>vacant</i>
TRANS	Catherine Voorhees 703-765-7551
SFDC	Ellen Young
FCFCA	Katherine Ward 703-660-6220
Webmaster	Karen Keefer 703-660-6699

Council Minutes

Public Safety: May 25-31st will be tax free shopping day on all items related to used emergency management situations (such as flashlights, generators,).

Transportation: A link to the Rt 1 widening information is on the Transportation Committees webpage. It's important to understand the details so you can avoid the traffic backups this project will cause.

Co-Chairs' Report:

Ron Fitzsimmons requested a Gala update, which Queenie Cox provided. Queenie confirmed that Douglas Bradburn, Director of the new George Washington Library would be the Guest Speaker

He also announced that Louise Cleveland was honored for her many years of service as a volunteer and awarded the title of Mount Vernon District Champion.

New Business:

Judy Harbeck brought forth for a vote for following actions requiring the General Councils (GC) approval:

The ratification of Committee Chairs – Cathy Ledec for E&R; Ellen Young for SFDC; and Katherine Ward for the Fairfax Federation. These appointments were approved by GC acclimation.

Elections for a new Secretary and Treasurer: Betsy Martin for Secretary and Stephen Markman for Treasurer were unanimously approved by the GC.

Resolutions:

The Transportation Committees' Resolution Tran 2014-01 "Dart Drive Transit Center" as printed in the Record was approved with a vote of 14-1.

Member Associations' time:

Wellington Heights has had some successful discussions with cell service providers and is still seeking fellow citizens' associations along Fort Hunt Road over to the river to join them in these discussions regarding distributed antennae systems (DAS) being installed to improve cell phone coverage.

A Correction was announced to the Invasive plant removal event for McCutcheon Park. It will take place on May 10th.

Supervisor Time: Supervisor Hyland's board matters and other important information normally distributed in hard copy will be posted on the Supervisors website by 5:00 PM on the days of our MVCCA General Council Meetings.

Rt 1 widening groundbreaking will take place Monday April 28th at 10:00AM.

June 16th will be the ribbon cutting for the Mulligan and Telegraph roads opening.

ESI Landfill public hearing before BOS will be May 13th.

Meals Tax issue will have a citizen and business Task Force put in place to offer the BOS comments. Their input is expected no later than mid-June. The Federation will be allowed to have a member on this task force. (Note: the Co-Chairs advised Brett Kenney — Supv Hyland's Chief Aide — that the MVCCA will seek a seat on this task force as well).

The County will be addressing a new County wide amplified noise ordinance.

The meeting was adjourned at 9:30.

— *Minutes submitted by Katherine Ward.*

Committee Reports

BUDGET AND FINANCE

Minutes of the Budget and Finance Committee Meeting
Wednesday, March 7, 2014 at 7:30 pm

The May meeting was canceled.

The next meeting of the Budget and Finance Committee will be at 7:30pm on June 4, 2014 at the Walt Whitman Middle School Cafeteria.

CONSUMER AFFAIRS

There was no meeting during May. The next meeting will be Tuesday, June 3rd; Topic: How consumers are charged taxes on the retail price of certain items rather than what the consumer actually pays.

EDUCATION

The Education Committee's regular meeting on May 7, 2014, was cancelled due to a conflict with the original first meeting date of the Supervisors' Meal Tax Task Force, to which the acting Chair had been appointed by Board Chairman Bulova.

Committee Reports

In lieu of rescheduling the May meeting, members were asked to attend one of the public information meetings regarding options under consideration for changes to school start and end times. Details on the various meeting locations and basic information can be found at <http://fcps.edu/news/starttimes.shtml>.

Although the impetus for the changes is pushing back high school start times to better “sync” with adolescent biological clocks and sleep needs, changes will probably affect grades K-12 with elementary schools, at least, starting earlier. Family childcare arrangements, afterschool activities, high school sports, afterschool employment and traffic may all be subject to some alteration, positive and negative.

In addition, there are financial costs, in the nature of additional buses and drivers, which are problematical in these tight budget times when funds are not adequate for teacher raises or class size reduction.

The Committee will discuss the issue, and weigh the options, benefits and costs of changing start times at the next meeting.

Next meeting: 8pm, June 4, 2014, Whitman library

ENVIRONMENT & RECREATION

The committee met 7 May 2014, at 7.15 p.m. Attending were Cathy Ledec (chair), Collingwood-on-the-Potomac, Montebello, Mount Zephyr, Pavilions at Huntington Metro, Stratford Landing, Wellington, Wellington Heights, Wessington Homes, and Westgrove. .

Landscape for Live: Creating Sustainable Gardens and Communities.

Alexandra Torres, Environmental Education Specialist for the US Botanic Garden – National Fund presented this program. This program is based on the Sustainable Sites Initiative: Guidelines and Performance Benchmarks published in 2009 by the American Society of Landscape Architects, Ladybird Johnson Wildflower Center, and the United States Botanic Garden. An important focus of this program is to provide guidance for urban garden areas for both residential and business properties. One local site where this is implemented is Canal Park in Anacostia. This site includes a linear rain garden, water catchment underneath which provides 95% of water needs for the 3 buildings at this site including water for the water park, ice rink, and toilets. The program focuses on 4 core areas including soil, water, plants and materials. Soil science is complex and program recommendations are to work with what you have. Test what is there so that improvements made give plants the best chance for survival. Soil testing can be done by sending samples to local cooperative extension service and for a small fee (~\$25) a detailed soil analysis will be returned to you. Water collection systems can be installed to include rain barrels or

cisterns, rain gardens or bioswale, other water re-use systems installed to re-use grey water (from shower/bath/laundry) and re-use A/C condensate. Plant selection is all about the right plants in the right place with a focus on native plants which are adapted to our area climate and require less care. Some natives with special focus include native oaks which are known to support 534 species of butterflies and moths. References to consult for plant selection include native plant lists and USDA Hardiness Zone maps which identify our area as 6b or 7a, this may vary somewhat depending on the specific microclimate in your area. The program further recommends working on plans to enhance energy efficiency with trees/tall bushes acting as wind break or to provide shade on southern exposure side of homes. Also recommended is a layered garden, this most closely matches how plants would be found in the natural environment. With regard to materials, reduce, re-use, recycle and focus on local materials including lumber that is Forest Council Certified. Further information about this program can be found on the program’s web site www.landscapeforlife.com. The web site includes a Webinar Series where you can register and attend classes online.

Update was provided on the Fairfax County budget public hearings at which Cathy Ledec provided testimony on behalf of the Fairfax County Park Authority budget. For FY 2015 no cuts to the FCPA budget were motioned in by Supervisors. Good news for now but continued vigilance is a must to ensure support of the county’s parks and needed natural resource management.

Suggestions for topics for future meetings were provided by all and these will be compiled for committee review and to gauge interest. One member urged action on any FC budget issues we wish to pursue within the next 3-4 months since the County’s budget decisions are finalized by calendar year end. Another member asked about Libraries and where these fall within MVCCA structure. Follow up with Education Committee to come up with a plan to cover this uncovered area.

Updates provided by members:

- **May 10:** Celebration of Huntley Meadows Park Restoration Completed 10-12noon
- **May 10:** Green Breakfast to be held at Huntley Meadows 10-12noon
- **May 16: Weed Warrior Training—free!** Help the National Park Service beat back the invasive plants taking over Dyke Marsh and the George Washington Memorial Parkway. 9:30am-12:30p.m. Classroom session, Mt. Vernon Government Center, 2511 Parker’s Lane, Alexandria, VA, 22306 12:30pm-1:30 p.m lunch. Please bring a sack lunch. 1:30p.m.-3:00pm, Field study session, Dyke Marsh, Haul Road Trail. Wear walking shoes and dress for the weather. Participants must attend both sessions to be certified as Weed Warriors. Tools will be issued at no cost to those who complete the class.

Committee Reports

All tools and learning materials will be provided. Bring a lunch, water, and wear work clothes for field study classes. Sign up by calling Erik Oberg, 703-289-2542, or email rik_oberg@nps.gov, by Wednesday May 1, 2014.

- **May 17: Green Spring Gardens: Spring Garden Day, Annual Plant Sale, 4603 Green Spring Road, Alexandria, VA**

Next meeting: 4 June, 7:15pm, room 3, Mount Vernon Government Center. Topic: TBA

HEALTH & HUMAN SERVICES

In place of our normally scheduled May meeting, members of the MVCCA Health and Human Services Committee were invited to participate in special opportunities to become informed about developments with impact for local health and human services:

- *the April 30 meeting of the South County Task Force for Human Services*, with reports on (1) Inova Health System services in our area, (2) the County's adopted FY15 Budget Plan, and (3) the evolving Housing Blueprint—as reported below; and
- *the May 9 NEXUS 2014 All-Day Conference on healthy brain development in children and youth, "Whole Child & Whole Health,"* inviting professionals, parents and public for this event at the FC Public Schools Virginia Hills Center—our report to come in June.

NEXT MVCCA/HHS MEETINGS

On Tuesday June 3, the HHS Committee will resume our normal pattern of monthly meetings, open to the public, on the first Tuesday evening, 7:30 PM-9:30 PM, at South County Center, Room 221 A/B, 8350 Richmond Highway—unless otherwise announced in the current MVCCA RECORD and/or the HHS Committee Page, both available on the MVCCA web site.

In June, we request participation from all our MVCCA member communities as we meet to consider evidence, demographic and other, for gaps in needs and resources in our area. We will select our focus—for information and potential action steps—during the period from July through December 2014.

In July, please note that we meet on **the 2nd Tuesday, July 8**. No MVCCA meetings are held in August.

TASK FORCE REPORTS ON HUMAN SERVICES

The South County Task Force for Human Services met at the South County Center on Wednesday, April 30, 1-3 PM, convened by Anne Andrews, with representation from the Offices of both Lee and Mount Vernon Supervisors and the Deputy County Executive for Human Services. Despite the predicted storms and heavy downpour, the community was well represented by directors of

local nonprofit organizations and by interested citizens including those active in MVCCA, who received reports and informational hand-outs in three areas.

Inova MV Hospital and Lorton Hpx: *Dr. Don Brideau, Chief Medical Officer and interim director of Inova Mount Vernon Hospital (IMVH),* reported on developments during the period since departure of Chief Executive Officer (CEO) Barbara Doyle. He confirmed a *Mount Vernon Voice* report that the new CEO, to begin in early June, will be Deborah Addo, chief officer of Meritus Health in Hagerstown, Maryland. Dr. Brideau continues as Chief Medical Officer and becomes Chief Operating Officer (COO).

Dr. Brideau reported continued improvement in the six to seven month interim period in all metrics measuring quality of services, including "Patient Satisfaction." The Inova Healthplex at Lorton has celebrated its first anniversary and is contributing to growth in services at IMVH. Radiology is now open 7 days a week, accepting walk-ins, and growing. New Operating Rooms, full sized to accommodate new equipment, will open in late November/early December. Once the Tower is completed, by early December, new private rooms will be available at last. The new expanded 35-bay Emergency Room space is expected to make possible a smooth transition from the old area in early January.

Adopted FY Budget for Human Services: *Ron McDevitt, Policy and Information Manager—Financial Information, Dept. of Administration for Human Services,* reporting on the day after the Board of Supervisors Adoption of the Fairfax County Fiscal Year 2015 Budget Plan, provided summary documents, as handouts for discussion and questions—

- "Adjustments to the FY2015 and FY2016 Advertised Multi-Year Budget"
- "FY 2015 Budget Funding for the Human Service System" McDevitt emphasized that the BOS accepted in large part the recommendations from the Human Services Council—as well as testimony from MVCCA and many advocates in our area—that the "investments" in the Advertised Budget Plan be retained in the Adopted Budget Plan. Those that MVCCA has specifically recommended, in 3 Resolutions, and that were funded in the Adopted Plan include
 - Increased support for the Consolidated Community Funding Pool (that leverages the contribution of private nonprofit agencies),
 - Funding for Behavioral Health Services for Youth (to begin a multi-year strategy to expand services to meet a serious gap),
 - A Program Manager for Domestic and Sexual Violence Services,
 - Funding to continue the Evening Reporting Center (in South County) when the federal grant under which it was started expires, and
 - Support for new efficiency rental units at Mondloch Place.

Committee Reports

An investment of \$714 thousand for School Readiness will enable expansion of community programs that serve young children, including activities for children at in-home day care. However, in response to a questions, McDevitt clarified that the County (and our area in particular) will continue to have a large number of children eligible for Head Start who cannot be served because of a shortage of appropriate classroom space in our overcrowded elementary schools.

For Housing Blueprint requirements in FY2015, \$5 million has been allocated.

Housing Blueprint Outlook: *Tom Fleetwood, Director of Fairfax County Redevelopment and Housing Authority (RHA) Policy, Reporting and Communication*, provided copies of the entire DRAFT FY 2015 THRIVE BLUEPRINT (as revised 1/21/2014), including an overview of the new three-tiered approach to describing the housing needs and other services required for particular populations at each level, plus the more detailed "Behind the Numbers" charts and narrative for each "tier" of the THRIVE approach.

Tier One: Though the Gateway to Permanent Affordable Housing identifies Homelessness and Special Needs populations that need extensive services to stabilize their situation and move to Tier Two: Addressing Sustainable Housing. Tier Three: Toward Self-Sufficiency includes services that help low and moderate-income working families as well as individuals (entry level workers, recent graduates, new arrivals) achieve stable employment, household healthcare, and skills needed for self-sufficiency.

The "Housing Blueprint" has evolved into the "THRIVE" Blueprint, in order to integrate an array of variously funded housing programs with services needed to sustain a particular individual or family household. The "Behind the Numbers" charts and narratives identify "opportunities" that are anticipated in FY2015.

Copies of THRIVE materials will be available at the June HHS meeting, for interested members unable to attend the April 30 meeting. For an update on key housing programs, please see the HHS Committee Report in the April MVCCA RECORD.

Federal, State, legislative briefing: While the State legislative session produced some improvements in mental health regulations, the widely reported impasse over Medicaid expansion as a key component of the biennial budget must be resolved by June. Federal Sequester limits funding for housing and child care, and State regs put additional pressure on low-income working families to meet higher minimum payments for childcare.

On the MVCCA public site, <http://www.mvcca.org>, the HHS Committee Page and MVCCA Affordable and Workforce Housing Page provide links to information.

PLANNING & ZONING

There was no meeting in May. Next meeting: June 2, 2014, Walt Whitman Intermediate, Jack Knowles Lecture Hall, 7:30PM.

County staff from the Office of Community Revitalization will be coming to talk about what they do and what it means to be a county designated revitalization district.

PUBLIC SAFETY

The Mount Vernon Council of Citizens' Associations' Public Safety Committee conducted its monthly meeting on May 1, 2014 in the Mount Vernon Government Center Community Meeting Room #3. The meeting began at 7:30 pm with the following communities represented: Hollin Hills, Potomac Valley/Riverbend, Riverside Estates, Stratford on the Potomac IV, and Sulgrave Manor.

The guest speaker for the meeting was Fairfax County Police Department's Captain Darrin Day, recently appointed Station Commander for the Mount Vernon District. Captain Day has been assigned to Mount Vernon within the past two months but has served 14 of his 22-year career in the Mount Vernon District. Other assignments included being a sergeant at the West Springfield District, a lieutenant at the Department of Public Safety (9-1-1) and Information Technology Branch as well as being assigned to the Internal Affairs Office on two occasions with the most recent as the Captain.

Captain Day provided an overview of the recent Board of Supervisor's actions pertaining to the budget. Uniformed police officers will be getting a 1 percent raise along with a reduction in the contributions which they currently make to their retirement program. Merit increases have also been reinstated for the next year for those who are eligible.

The Mount Vernon Station recently lost two officers to other employment with one going to work for the federal government and the other transferring to the Fairfax County Fire and Rescue Department. While it is hoped that the upcoming changes in pay will lessen the retention issues for officers, there continues to be a lack of eligible candidates for attending the police academy which could cause additional overtime hours and exhaustion of the budget to cover those costs.

Mount Vernon Station is currently without a crime analyst so that vacancy is being covered by analysts from other stations. Captain Day reported that residential burglaries were down but that robberies were up. The three patrol areas adjacent to the Capital Beltway generate around 6000 calls per year making them the busiest in the County. Members desiring specific crime statistics are asked to contact Captain Day's office and he will ensure that the information is provided.

Committee Reports

Captain Day discussed the different types of citizen review boards and listed four different types: a. strictly citizens with no law enforcement experience, b. lawyers, judges and others engaged in the judicial process, c. individuals with law enforcement experience, and d. professional businesses which specialize in such matters. Currently, the Internal Affairs Bureau handles all complaints.

Captain Day was thanked for taking the time to spend with the group and for his service to the Fairfax County residents.

Old Business:

- The Fairfax County budget for Fiscal Year 2015 has been adopted and several of the changes for public safety agencies were discussed.
- Information on various public safety-related legislative bills that have been passed by the General Assembly was provided for review and discussion.
- Fairfax County Community Emergency Response Team (CERT) conducted an All-Hands meeting on Thursday, April 24th and over 100 CERT personnel attended. The program covered the history of the CERT, recognized key members of the various sections which make the program work and future plans. Individuals are reminded that the new Volunteer Management System (VMS) is being implemented and should get signed up.
- Members were reminded of the tax free holiday for purchasing materials for emergency preparedness here in Virginia which goes from May 25 – 31, 2014.
- An individual is needed to fill the chair position for the Public Safety Committee.

New Business:

There were no items brought up under new business.

There being no further business, the meeting adjourned at approximately 9:00 pm.

The next meeting will be held on Thursday, June 5, 2014 at 7:30 pm in the Mount Vernon Government Center in Community Meeting Room #3.

TRANSPORTATION

The Transportation Committee met at the Walt Whitman Middle School library on May 5, 2014 beginning at 7:30pm. Catherine Voorhees chaired the meeting that was attended by the following associations: Hollin Hall Village, Mount Zephyr, Tauxemont, Wellington Heights, Woodland Park and Woodley Hills.

Guest speaker, Jose Quinones, project manager of the Mulligan Rd construction was not able to make it. But, the chair collected

questions from the committee and held a telephone conference with him earlier in the day.

After the March snowstorms and the heavy rain that our area experienced, the Mulligan Road project has been pushed back to a July/August opening (a June 14, 2014 complete opening was predicted). While about 95% of the work is completed, Jose indicated that they plan to open Mulligan Road to vehicles, even though some minor work (e.g., landscaping) will need to be finished. Thus, in order to finish the landscaping and other minor items, a single lane in each direction may be closed so that workers can finish the project during off peak hours.

Jose explained that the workers monitor the traffic backups while they work with intersection changes and that the Mulligan Road project calls 511 so that radio networks can pick up the delays and announce them to drivers. Jose said that the 511 call update also appears on VDOT's website. Chair's note: The US Route 1 widening project through Fort Belvoir has a dedicated website for that project, which should indicate traffic impacts so drivers can plan accordingly.

On-road bike lanes from US Route 1 to Pole Road, in both directions, are already striped. However, between Pole Road and Telegraph road, there will be a sidewalk on the west side. Telegraph Road will have on-road bike lanes in each direction and a sidewalk on the North side of the road.

There will be sidewalks on all 4 corners of the US Route 1 and Mulligan Road intersection with a sidewalk at the Exxon going north on Route 1. On Mt. Vernon Memorial Highway, the sidewalk ends at the gas station as the service road remains and then the asphalt paved goat trail remain and continue with the sidewalk at the Grist Mill community. While a sidewalk was planned on the stable side of Mt. Vernon Memorial Highway, the Mulligan Road project is not going to build a sidewalk that will be torn up due to the Route 1 widening project. The Route 1 project should build the sidewalk on the stable side.

Regarding a Mount Vernon to Route 1 bike trail, that may be a future project Fairfax County project.

Jose said that a pedestrian/vehicle study is not part of this project. But, he encouraged us to ask VDOT for a pedestrian/vehicle effect study to determine the actual number of users. How many cars are using Mulligan Road and do they turn left or right, or go straight? The timing of the lights, etc. will be decided after VDOT gauges the use of the road.

The intersection at US Route 1 and Mulligan/Mt. Vernon Memorial Highway will lose the "kink" so that cars can go straight across US Route 1. There will be traffic light signals on an mast arm and eight buttons for pedestrians to activate the Walk signals (with numeral countdown).

Committee Reports

Mulligan Road will connect Telegraph Road in at grade "T" intersection.

The committee then discussed pedestrian safety at Tully Gate, at Costco and at Dogue Creek along US Route 1 as areas that need attention.

Old Business -

a. Last month's resolution regarding the US Route 1 Transit Center location was passed by the MVCCA General Council. While the Council would like Dart Drive, Lee District Supervisor Jeff McKay favors the Hybla Valley site. And, Brett Kenney indicated that future development along Dart Drive may be impacted if the commercial C-8 strip is lost.

b. The Widening of US Route 1 through Fort Belvoir ground breaking ceremonies took place on April 28, 2014 with elected officials as shown on the front of the Mt. Vernon Gazette. The widening project has multiple segments and starts at the Fairfax County Parkway and works its way to Inlet Drive and then moves North.

c. Pot Holes

There are lots of complaints after the rough winter created a record number of pot holes. Fort Hunt is especially bad. Call VDOT 1-800-FOR-ROAD and ask about the status of repaving Fort Hunt Road (it is on VDOT's repaving schedule) and ask for Fort Hunt

Road to become a priority. The more people that call VDOT and request, the better chance of getting Fort Hunt Road paved sooner.

The chair hopes that the Federal Highway Administration official for the Widening of US Route 1 through Fort Belvoir will attend our next meeting to discuss how the widening will occur (traffic impacts)? Other speakers that the Transportation Committee would like to hear from include Supervisor Gerry Hyland and an official with the US Route 1 Alternatives Analysis Transit Study focusing on the projected cost/benefits of the different transit modes.

Adjourn

The Transportation Committee's next meeting will be held on June 2, 2014 in the Walt Whitman Middle School library.

SFDC

There are no meeting minutes this month.

NEXT COUNCIL MEETING

Wednesday, May 28th, 8:00 p.m.
Walt Whitman Middle School, Lecture Hall
2500 Parkers Lane, Alexandria

AGENDA

Call to Order

- Approval of Secretary's Minutes
- Approval of Treasurer's Report (deferred to May)
- Committee Reports
- Co-Chair's Report on Board Actions

Published Items and Resolutions

New Business

- Member Association Representatives' Time
- Mount Vernon Supervisor Time
- Other Elected Representatives and Public Time
