Council
of Citizens'
Associations

Record

Together we make a difference

Volume LII, No. 1, January 2019

FROM THE CO-CHAIRS

Reminder: For those associations who elect new officers and/or adopt budgets at year end, don't forget to include MVCCA dues in your budget (due in July 2019) and to notify MVCCA of any changes in voting representatives.

Changes can be made by simply e-mailing the Secretary and, if appropriate, the Chair of affected committee(s).

MVCCA GENERAL COUNCIL MEETING MINUTES

The MVCCA Board voted unanimously to cancel the December 26, 2018 General Council meeting due to the holidays. On behalf of the MVCCA Board, we wish to extend to you and yours, best wishes for a wonderful holiday season and a new year filled with peace and happiness. We look forward to seeing you all on January 23 at the next regularly scheduled General Council meeting as we continue our work to advocate and support our Mount Vernon Community. Thank you.

Committee Reports

BUDGET AND FINANCE

The MVCCA Education Committee, in joint session with the Budget & Finance Committee, met in January at a date too late to be included in this RECORD. A report will be provided in the next (February 2019) RECORD.

The meeting was scheduled for January 16 in order to give time to review the FCPS Superintendent's Proposed FY2020 Budget, released the evening of January 10, 2019. School Board Chair Karen Corbett-Sanders has agreed to attend the discussion.

Some potentially useful links include:

Next meeting (also joint with B&F) will be 8pm, February 6, 2019, in the library of Whitman MS (location tentative)

All members and the community are urged to attend Supervisor Storck's FY2020 County Budget meeting on February 21, 2019. County Executive Hill and CFO Montoro will be resent to discuss the County Executive's FY2020 Advertised Budget, scheduled for release on February 19, 2019.

ENVIRONMENT & RECREATION

The Environment and Recreation Committee (E&R) met on Jan 2, 2019. In attendance were representatives from Collingwood on the Potomac, Hollin Hall Village, Huntington, Mount Zephyr, Riverside Estates, Wessington Homes, and Woodlawn Manor. Since the MVCCA E&R Chair Cathy Ledec resigned December 30, MVCCA Co-chair Earl Flanagan served as Chair pro-tem.

The only agenda item was a request from the MVCCA P&Z Chairman for an environmental evaluation of a County application received from Wesley Huntington Landlord, LLC J. (Wesley Hous-

ing) at the intersection of Biscayne Drive and Huntington Avenue (PCA/CDPA 2013-MV-001 FDPA 2013-MV-001).

The committee was provided with a power point presentation by Wesley Housing of the application plans, elevations and interior layout but not provided with proffers regarding environmental subjects.

The P&Z Chairman was advised that no review was possible.

A member of a Chairman search sub-committee also brought the committee up to date. Several candidates have accepted and then withdrawn. The search will continue.

Our next meeting will be **Wednesday, February 6, 2019 at 7:15pm at the Mount Vernon Governmental Center, 2511 Parkers Lane, Alexandria, VA.**

Future E&R meetings: Mar. 6, 2019; Apr. 3, 2019; May 1, 2019; Jun. 5, 2019; Jul. 10, 2019; August – no meeting; Sept. 4, 2019; Oct. 2, 2019; Nov.6, 2019; Dec. 4, 2019.

PLANNING & ZONING

Planning & Zoning Minutes 01/07/2019

Members' Attending: Leo Milanowski and Don Martin: Hollin Hall Village Civic Association, Malcolm Northam: Tauxemont, Rich Johnson: Wellington, Dan Moon: Gum Springs, Janet McMillian: Engleside, Mark Viani: Collingwood, Ellen Young: Belle View Condominiums, Mike Frank: Mt.Zephyr, Ray Novitske: Huntington, Christine Kelly: CA Hollin Hills, and Lynn Pascoe: Montebello,

Guests' Attending: Walter Clarke: Mount Vernon Planning Commissioner, John Schick: Wells & Associates, Sara Mariska,;Womble Bond Dickinson, and Rosa Strada: Wesley Housing

Start Time: 7:01PM

2nd Presentation from Wesley Housing. (Resolution Requested)

See Planning & Zoning Minutes from 12/03/2018. No new information, except as follows.

The breakdown of Affordable Dwelling Units by AMI is as follows:

40% of AMI: (8) 1 bedroom units, 6.35% of total units

50% of AMI: (3) 1 bedroom units, (29) 2 bedroom units, 25.40% of total units

60% of AMI: (9) studio units, (14) 1 bedroom units, (27) 2 bedroom units, (4) 3 bedroom units, 42.86% of total units

Committee Reports

70% of AMI: (6) 2 bedroom units, (2) 3 bedroom units, 6.35% of total units

80% of AMI: (15) 2 bedroom units, (8) 3 bedroom units, 18.25% of total units

Market rate: (1) studio unit, 0.79% of total units

TOTAL: (10) Studio Units, (25) 1 Bedroom Units, (77) 2 Bedroom Units, (14) 3 Bedroom Units. GRAND TOTAL: 126 Units

The only significant change between current proposal and previously approved proposal is to allow a modified unit mix and office use. A portion of the 7500 sq. ft. of office, (Wesley Corporate offices will reside), will be added into "flex" retail space, should the office dynamic change in the future. The percentages are proposed to be 75% residential, 20% office, 5% retail (possibly in the future). County requirements for open space is 20%. This project is proposing 35% open space. The project plans to contribute \$600K for public facility impacts. It was asked by the committee that the fund contribution stay within the impacted area of the development. The developer agreed to state this at the PC and BOS hearings.

Other features for public and open space include:

- Private courtyard area
- Civic plaza at the intersection of Huntington Ave and Biscayne Dr
- Transitional plaza along Huntington Ave
- Second plaza along Biscayne Dr
- Neighborhood plaza at the intersection of Biscayne Dr and Glendale Terrace
- Dog walking area

Huntington Civic Association met and voted to support the project after some initial concerns had been satisfied. Parking, lighting, office maintenance and providing visual monitoring and maintenance of the site and its' surroundings were the main concerns. The outcome:

Parking: This project will not take away any of the restricted parking permits on surrounding streets for surrounding dwellings. All parking of residents and Wesley employees will remain on site.

Lighting: The objective is to limit bright lights from shining into surrounding dwellings. This concern will be brought up under the site construction phase with appropriate county agencies.

Maintenance and Monitoring: Wesley Housing corporate offices will be on site to monitor office, and a presence to monitor loitering and trash removal will be on site.

A huge concern of the committee is the undergrounding of utilities. Though this project will not be able to bury corner poles, (some have lighting, stoplights and other properties utilities), they will bury overhead wires connecting to their building due to how the building will be constructed.

The Staff Report will be available on February 5, 2019. The Planning Commission date is February 20, 2019 and the Board of Supervisors hearing on March 5, 2019. If approved, construction would start Fall 2019 and complete in Fall 2021. Lease completion is anticipated for Summer 2022.

Adjourn: 8:16PM

Next Planning & Zoning Meeting: February 4, 2019, Mount Vernon Government Center, 7PM to 9PM

PUBLIC SAFETY

The Mount Vernon Council of Citizens' Association's Public Safety Committee meeting was held on Thursday, January 3, 2019 in the Mount Vernon Government Center. The meeting began at 7:40 PM with the following associations represented: Belle View, Potomac Valley/River Bend, and Riverside Estates.

Our speakers for the meeting were members of the Fairfax County Police Department who are assigned to the Mount Vernon District Station. They were Domestic Violence Detectives Amanda Skowronski and Sydney Broderick, and Brittany Imoh, Victim Services Specialist. The topic of their presentation was domestic violence.

Detective Skowronski began the presentation with statistics from 2018:

- 489 cases of domestic violence
- 1013 incidents of domestic disputes
- 165 other incidents such as stalking, destruction of property, etc.

All of these incidents occurred in the Mount Vernon District patrol areas and are nearly double the number of cases which other Fairfax County districts experience. Detective Skowronski then provided an overview of the legal definitions of domestic violence, who is included or qualifies as a family member and assault versus battery.

There is an extensive listing of related criminal violations often associated with domestic violence such as strangulation, malicious wounding, violation of protective orders, abduction, stalking, breaking and entering, phone and computer violations, and obstructing a person from calling 911. Assault and battery against a family member is a Class 1 Misdemeanor but subsequent occurrences raise the penalty to felony levels. Strangulation often accompanies assaults and while not always visible, can cause serious injury and death. Strangulation is a felony crime. The arrest of the predominate physical aggressor is based on the severity of injuries, witness statements and may not necessarily be the person who was the first aggressor.

Committee Reports

Stalking cases often involve a variety of criminal behaviors including assault, abduction, burglary and trespassing, destruction of property, animal cruelty, vehicle tampering and phone threats or harassment. While not considered criminal, other behaviors such as unwanted contact with family members, false allegations to a victim's employer or friends, sending cards, letters or other correspondence and alienating the victim can all be found to be threatening acts by the victim. In this day of social media, technology is often comes into play through the use of telephones, GPS devices, spyware, cameras and social networking sites. These different devices can be used to track, harass and generate fear to the victim.

The combination of physical abuse and stalking generates a higher indicator of lethality for the victim. The Lethality Assessment Program utilizes various parameters to establish a risk assessment for intimate partners. The assessment can often determine the need for further actions by the involved individuals.

Following an incidence of domestic violence, the issuance of an Emergency Protective Order (EPO) provides a 72-hour timeframe for the involved parties to be separate. This is a preliminary measure and written by a magistrate. The EPO can be upgraded to a Permanent Protective Order (PPO) which is for two years. The PPO is written in the courts and can be renewed if needed. The person who is served with the PPO is required to surrender all firearms for the duration of the PPO.

When an incidence of domestic violence occurs, a patrol officer is responsible for medical aid, documenting the event, interviewing witnesses, collecting evidence and making notifications to agencies such as Child Protective Services or Adult Protective Services.

The victims of domestic violence may be taken to the INOVA Fairfax facility which has a Forensic Assessment and Consultation Team (FACT) to document injuries, collect any evidence from the assault and will also appear in court.

The Domestic Violence Detective conducts a follow-up investigation of the incident, provides the victim with resources which are available to assist and also becomes engaged if a protective order has been violated. The detective will provide a written report which may include audio recordings, interview the suspect, photograph injuries, serve and enforce the Emergency Protective Order, and be an advocate in court. Domestic Violence Detectives are also very engaged in training and making public presentations on the topic.

Ms. Imoh of Victim Services shared that the Victim Services staff are civilian employees in the police department and work solely with the victim. They provide assistance for emotional, financial and other support information to the victim. Fairfax County has at least one Victim Services Specialist assigned to each district but due to the number of incidents, Mount Vernon has two assigned. In addition to Fairfax County, the victim services staff assists

victims in Vienna, Herndon, Fairfax City, Falls Church as well as George Mason University and the Northern Virginia Community College.

The Victim Services staff can be called upon to provide crisis intervention, will accompany the victim to court, do home visitations, and provide a liaison with the police, commonwealth attorney's office and detectives. While they may work normal business hours, staff are on call 24-hours per day to assist. Financial assistance may be available through the Virginia Victims Fund to cover medical expenses, changing locks, repairing damage and assist with housing costs. Victims can also be notified of the status of offenders such as when the offender is released from jail.

In court, the criminal case is presented and adjudicated. There is a diversion program where a deferred disposition of the case may occur if the offender attends a Batterers Intervention Program which consists of 18 sessions, active probation during the program and then inactive probation for the remaining two year program. This is a one-time option. The Fairfax County Commonwealth Attorney's Office has two individuals who have received specialized training for prosecuting domestic violence cases.

A brief question and answer period was conducted and the committee thanked all three individuals for their work and the presentation provided. There was an offer to return for another meeting so more people could be informed of the work of the Mount Vernon District's Domestic Violence Unit.

There was no additional business conducted at the meeting which closed at approximately 9:40 PM.

The next meeting of the Public Safety Committee will be on Thursday, February 7, 2019 at 7:30 pm in the Mount Vernon Government Center.

TRANSPORTATION

The MVCCA Transportation Committee met at 7:00 p.m. on the evening of January 7, 2019 in Community Room 3, Mount Vernon Government Center at 2511 Parkers Lane. Participating in the meeting were: MVCCA Council Co-Chair Earl Flanagan; Dan Reinhard, VDOT's Senior Project Manager, NOVA District Location and Design; Ajmal Hamidi, FCDOT's Transportation Planner, Site Analysis Section; John McDowell, Director for Transportation of Rummel, Klepper & Kahl, LLP; Travis Brown, Project Manager, Walter L. Phillips, Inc.; Zack Polk, Davis Utility Consulting; Sarah Mariska of Womble Bond Dickinson, LLP representing Wesley Housing; Rosa Estrada, Senior Project Manager, Wesley Housing; and John Schick, Associate for Wells and Associates. Transportation representatives of the following citizens' associations were in attendance: Belle Haven Terrace, Belle View, Engleside, Gum Springs, Hollin Hall, Huntington, Mason Hill, Montebello, Mount

Committee Reports

Vernon, Mount Vernon Manor, Mount Zephyr, Stratford Landing, Stratford on the Potomac Section IV, Waynewood, Wellington, Wellington Heights, Williamsburg Manor North, and Woodlawn Manor.

Chairman Sitnik called the meeting to order and passed out for review a draft letter to Congressman Beyer requesting his further assistance in urging the National Park Service to start work on the long awaited George Washington Memorial Parkway safety study.

Chairman Sitnik also advised all present of the centralized phone number for all street repairs requiring VDOT involvement. It is 1(800) FOR ROAD. A call to that number will initiate a work order, the number of which one should obtain for follow up communications, and VDOT communication with FCDOT, should the nature of the problem involve the County.

VDOT's Dan Reinhard presented an update on the status of the Richmond Highway widening project from Jeff Todd Way to Napper Road and the Bus Rapid Transit project from Fort Belvoir to the Huntington Metro Station. He was joined in his presentation by John McDowell, Director for Transportation of RK & K, LLP. The widening and Bus Rapid Transit are included under the overall guidance of the EMBARK plan for Richmond Highway Corridor improvements. The intent of the widening of the Richmond Highway from four to six lanes of vehicular traffic, then adding bus rapid transit on two dedicated lanes down the median of the highway is to improve safety, relieve congestion, improve intersection efficiency and respond to environmental guide lines now in effect. It will include utility relocation, storm water management, sidewalks and a multipurpose bike path on both sides of the highway. While the basic plan has not changed, some details are now evident that attracted committee attention and comment. The "super street" concept that would have compromised east-west access across the highway is no longer in consideration. Within the planned 186 foot right-of-way width of the project, eight foot wide vegetation-covered "amenity" panels will separate the bike and pedestrian paths from the vehicular traffic. While VDOT is aware of the Transportation Committee's advocacy of undergrounding utilities along the widened part of the highway, undergrounding is not a part of the widening effort because federal and state monies cannot be used for that purpose. Undergrounding remains under consideration by Dominion Power, the Northern Virginia Transportation Authority and Fairfax County. The bridges designed to carry the highway over Dogue Creek and Little Hunting Creek will be of a unique design. They will be 10 or more feet above creek level and up to 1,100 feet long. In the case of the Dogue creek span, clearance will be ample to enable 100 year flood waters to pass without flooding the road surface. Each bridge will consist of three spans—north bound, south bound and dedicated BRT—separated by ample space to let daylight in. These design elements are intended to enable wildlife to cross the highway safely. The committee remains concerned about pedestrian safety. The plan is to have 13 signalized intersections with pedestrian crossings along the 3.1 mile length of the widened portion of the highway. But, for

pedestrians, the gaps between crossings are excessive. It is 3,000 feet between Lukens Lane and Frye Road, and the neighborhood post office is in the middle. One committee member asked about elevated pedestrian bridges. They are deemed too expensive. To the question of building a pedestrian passage under the highway at the bridges over Dogue Creek and Little Hunting Creek so the pedestrians could cross as safely as the wildlife, the response was that that idea is under study. The total cost of the widening project is estimated to be \$372 million. \$177.8 million is committed now. \$194.2 million more is needed, but anticipated to be obtained. The required environmental assessment is underway. Expect a public hearing on the final design in late March 2019. Construction is anticipated from 2023 through 2026. But, the Bus Rapid Transit lanes and bridges in the median of the highway are on a schedule running two years behind the widening. So, at best, opening of the widened section of the highway will be followed by two years of major construction along its median until BRT begins in 2028.

VDOT is looking at adding a lane to the Mount Vernon Memorial Highway where it intersects Richmond Highway so the configuration of lanes for traffic headed west will be two lanes left turn only, one lane straight across to Jeff Todd Highway and one lane right turn only.

Dean Lohmeyer provided a carefully assemble series of graphics that illustrated the sources of confusion and congestion at the intersection of Fort Hunt Road with Richmond Highway and the back-ups and unsafe driving on the access ramps from the Richmond Highway to I-95 and I-495 west and east toward the Woodrow Wilson Bridge. Members of the committee are asked to write down their suggestions for resolution of these problems.

Sarah Mariska of Womble Bond Dickinson, LLP represented Wesley Housing seeking committee support for its six story development at 2317 Huntington Avenue. This is in the southern quadrant of Huntington's intersection with Biscayne Drive immediately south east of the Huntington Metro parking. This building would contain 126 apartments to be rented at affordable, work force and market rates. Wesley Housing would also locate its offices in this building. Parking under the building would be based on 1.3 spots per apartment. A low income tax credit has already been awarded Wesley. The developer will spend approximately \$1 million to underground a significant part of the adjacent utilities. Representatives of the affected citizens' associations voiced their support for the project which should be built and leased in 2022. The Transportation Committee voted a motion to support this project by a unanimous vote.

The next Transportation Committee meeting will take place at 7:00 p.m. on Monday, February 4th in the Community Rooms at the Mount Vernon Government Center on Parkers Lane.

Copies of the VDOT widening presentation and related environmental information are posted on the MVCCA Transportation web-page under January 7, 2019 Meeting Agenda.

Committee Reports

On Wednesday, January 23rd you are invited to attend an open house and meeting on the Richmond Highway Bus Rapid Transit (BRT) project from 6:30 p.m. to 8:30 p.m. in the Mount Vernon High School cafeteria, 8515 Old Mount Vernon Road, Alexandria. (Snow date is February 13, from 6:30 p.m. to 8:30 p.m. at the West Potomac High School, 6500 Quander Road Alexandria.)

FAIRFAX FEDERATION

All things related to the Fairfax County Federation of Citizens Associations (FEDERATION/FED) can be found on the Federations Website (www.fairfaxfederation.org).

SFDC

SFDC continues to be involved in/ monitor Embark Richmond Highway and the road widening project. We have on our website, SFDC.org, helpful information for owners and tenants regarding the three mile stretch slated for widening.

Our next meeting is Wednesday, January 16, and I will have a report at the General Council meeting on January 23.

Mark your calendars!

MVCCA is hosting a Gala on May 4, 2019, to celebrate 50 years of service to the community. More details will follow.

PROPOSED

MOUNT VERNON COUNCIL OF CITIZEN'S ASSOCIATION JOINT RESOLUTION: PLANNING & ZONING AND TRANSPORTATION COMMITTEE

**Wesley Housing – 2317 Huntington Avenue 2019-J01
PCA/FDPA 2013-MV-001**

- A. **WHEREAS**, Wesley Housing is proposing an affordable housing apartment complex in proximity to the Huntington Metro Station in the Mount Vernon District at 2317 Huntington Avenue, and;
- B. **WHEREAS**, on January 4, 2014, the BOS rezoned Subject Property from the C-5 District to the PRM District to permit up to 139 dwelling units and up to 3,534 sq. ft. of ground floor retail, at up to 2.99 FAR pursuant to RZ/FDP 2013-MV-001, and;
- C. **WHEREAS**, Wesley Housing proposes to replace and supersede all prior proffers and conditions applicable to the Subject Property by developing up to 3.0 FAR, with flexibility for future retail use. The proposal includes 126 multifamily units, including workforce and low income housing, plus 7,500 sq. ft. corporate office space and 179 parking spaces to accommodate residents, staff and visitor parking in an on-site garage, and;
- D. **WHEREAS**, Wesley Housing project to include proffers as well as;
1. Undergrounding utilities where possible,
 2. Funding for parks and schools in Northern area of Rt. 1;
 3. Earthcraft Green Building certification (structural, mechanical, lighting, environmental, native plantings, on-site storm water management), and;
- E. **WHEREAS**, Wesley Housing project has the approval of the Huntington Community Association as it is currently proposed, and;

THEREFORE BE IT RESOLVED, that the Mount Vernon Council of Citizen's Association supports Wesley Housing's proposed amendment providing they follow through on proposed environmental, green-building guidelines, traffic and parking reductions, and undergrounding of utilities.

END: PROPOSED RESOLUTION P&Z/TRAN-2019-J01
