## SAVE THE DATE

Tuesday, March 26, 2019  
Design Public Hearing

6:30 p.m. to 8:30 p.m.  
Presentation starts at 7 p.m.  
Mount Vernon High School  
8515 Old Mount Vernon Road, Alexandria, VA 22309

Greetings from the Richmond Highway Corridor Improvements team at VDOT!  
You're invited to join us for the Design Public Hearing on **Tuesday, March 26 from 6:30 p.m. to 8:30 p.m.** (a brief presentation will begin at 7 p.m.) at Mount Vernon High School, 8515 Old Mount Vernon Road, Alexandria, VA 22309.

The project team continues to finalize project design features for the proposed improvements coming to Richmond Highway. This meeting is an opportunity for residents and stakeholders to:

- Learn about updates to the proposed design
- Review design plans
- Discuss your questions with project staff and submit comments

## ABOUT THE PROJECT

This project will improve almost three miles of Richmond Highway from Jeff Todd Way to Napper Road in Fairfax County. The proposed plans will widen the road from four to six lanes, provide separate bicycle and pedestrian accommodations on both sides of the road, and preserve the median width necessary to accommodate Fairfax County's future Bus Rapid Transit (BRT) plans for dedicated bus-only lanes.

## YOUR BEST RESOURCE: GET INVOLVED

Public involvement is critical in our development and delivery of transportation projects. The project team has been actively meeting with community and homeowner associations along the corridor. If you're interested in scheduling a meeting, please [contact us](#) today at [richmondhighway@vdot.virginia.gov](mailto:richmondhighway@vdot.virginia.gov).
