Ref: Clarification of Resolution Intent-Waivers 2007 (attached)

Dear Ms Cronauer,

April 23, 2008

The MVCCA appreciate you and your team taking the time to come discuss the 2007 MVCCA resolution regarding Procedures for Waivers of Required Transportation and Environmental Improvements, sent to you previously. We laud your efforts to ensure that the intent of this resolution was clear to all parties, both staff and MVCCA.

In that regard and as discussed and agreed to at the MVCCA P&Z committee meeting on April 7, 2008, I am writing to you to clarify the intent of this resolution.

The intent of the resolutions language was to encompass “waivers and interpretations”.

With that knowledge and this clarification we request that the county implement the intent of this resolution.

David Dale
Co-Chair
MVCCA
