Ms. Katherine Ward, Co-Chair  
Mount Vernon Council of Citizens Associations, Inc.  
P.O. Box 203  
Mount Vernon, VA 22121

Dear Katherine,

Thank you and the MVCCA for your continued ardent support and advocacy to help us find creative funding mechanisms to underground utilities on the Richmond Highway corridor.

Your points on the creation of heat island effects are well-taken. As a leader of the Board of Supervisors' Environmental Committee and the Joint Environmental Taskforce, I am committed to sustainable, environmentally conscious urban design as the Embark Richmond Highway project moves forward. The many benefits of trees are indisputable.

This resolution and your outreach are helpful as we continue to find ways to creatively fund this objective. I encourage you and all the members of the Mount Vernon Council to stay engaged and keep advocating with me, Chairman McKay, Supervisor Lusk, and other Board members, county staff and the community on this critical goal. It is one that we must all remain focused on until achieved.

Respectfully yours in public service,

Dan Storck  
Mount Vernon District Supervisor
