School Board Members and Dr. Garza;

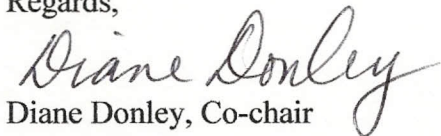

On behalf of the Mount Vernon Council of Citizens Associations enclosed please find MVCCA Resolution (ED) 2015-4, "In Support of Comprehensive School Boundary Evaluation", adopted unanimously on November 18, 2015.

This Resolution, as is more particularly set forth therein, urges that comprehensive, holistic and transparent boundary studies of all schools at all levels be conducted in order to take best advantage of historic opportunities provided by renovation funds and new construction for the benefit of taxpayers, current and future students, and their communities. This Resolution also reiterates and reaffirms MVCCA Resolution (ED) 2015-3 "Urging Neighborhood Schools be a Priority Consideration", previously sent to you and attached for your convenience.

It remains critical that these issues be considered in light of ongoing development of Capital Improvement Plans and demographic projections.

Thank you for your consideration.

Regards,

Diane Donley, Co-chair
