Alexandria, VA 22306

Subject: MVCCA Transportation Resolution 2010-1, Fairfax County Review of Traffic Service Levels at Woodrow Wilson Bridge area near Fort Hunt Road and Richmond Highway and Richmond Highway and Huntington Avenue Intersections.

Dear Supervisor Hyland:

Attached is a Transportation Resolution passed by the MVCCA General Council in April, requesting your support in contacting FCDOT and/or VDOT to conduct a traffic assessment at the subject intersections to determine what the impact on traffic volume has been in light of the recent traffic patterns/configurations in support of the Woodrow Wilson Bridge project..

Thank you for your continued support in this important matter affecting our community.

Respectfully,

Al Bornmann
Co-Chair
MVCCA
