August 29, 2013

Dear Supervisor Hyland:

The Mt Vernon Council of Citizens Associations (MVCCA) passed a Transportation Resolution on July 24, 2013 requesting a solution for the highly used but sub-standard pedestrian/ bicycle trail in front of a newly re-developed Belle Haven Country Club on Fort Hunt Road. Please see enclosure for full text.

We understand that Fairfax County has determined the Belle Haven Country Club has “technically” fulfilled the Special Exception Amendment requirements pertaining to this trail section.

In recent months, this issue was brought to the attention of the Transportation Committee of the MVCCA and thus, produced what the MVCCA believes to be a viable solution for such an important section of trail.

We hope you agree and will assist the Council's efforts to plan and the County's efforts to construct a safe route for our citizens in the Mt. Vernon District, as well as many others who also travel through this area.

Truly yours,

James R. Davis, Co-Chair  
Mt Vernon Council of Citizens Associations
